Wiser Home Remodeling Named by REMODELING Magazine to its 2018 REMODELING 550 List of America's Biggest Remodelers

New Canaan, CT (May 29, 2018) –Wiser Home Remodeling ranks #2 in Connecticut and 135th on the 2018 REMODELING 550 list of the nation's biggest full-service remodelers, Wiser Home Remodeling announced today.

The REMODELING 550 brings together the nation's 550 biggest full-service remodelers, replacement contractor / home improvement firms, insurance restoration firms, and franchisors. Because the full-service and replacement firms operate so differently, the REMODELING 550 lists and ranks them separately.

"We are honored to receive this distinction," said Derek Tacon, President of Wiser Home Remodeling. "There are roughly 100,000 remodeling firms in this country with payrolls, so it's great to know that we're among the top 0.5% in the nation."

REMODELING editor-in-chief Craig Webb noted there's a high turnover rate in remodeling, with roughly one-sixth of the firms going out of business annually. "In contrast, the bigger firms have a failure rate of less than 2%," he said. "Thus, become a REMODELING 550 company indicates that you have quality and staying power—two traits that customers value most."

REMODELING, published by Hanley Wood, is the leading publication in the home improvement industry. REMODELING has and continues to be the indispensable tool that remodelers cannot do without—delivering the business know-how, product and technical information that home improvement pros need to help make smart decisions that will shape their success.

Founded in in 1957, Wiser Home Remodeling is a full-service solution for all home improvement and home maintenance needs; with an outstanding project management team and skilled craftsman, the team ensures that each renovation is delivered on time and on budget. From small projects to custom full renovations, ever member of the Wiser team has one goal in mind- to exceed expectations.

All 550 firms can be found online at <http://www.remodeling.hw.net>. There you can sort and filter the data, which includes information on the company's location, 2017 revenues, number of projects, and average job size. The website also includes numerous charts and profiles that illuminate details regarding the group.
